Pattern 10

input:
1
output:
```
........................
..###..#####..###...####.
.#...#...#...#...#.#.....
.#...#...#...#...#.#.###.
.#...#...#...#...#.#...#.
..###....#....###...###..
........................
```

input:
2
output:
```
....................................................
....................................................
....######....##########....######......########..
....######....##########....######......########..
..##......##......##......##......##..##.........
..##......##......##......##......##..##.........
..##......##......##......##......##..##..######..
..##......##......##......##......##..##..######..
..##......##......##......##......##..##......##..
..##......##......##......##......##..##......##..
....######........##........######......######....
....######........##........######......######....
....................................................
....................................................
```

input:
3
output:
```
................................................................................
................................................................................
................................................................................
......#########......###############......#########.........############...
......#########......###############......#########.........############...
......#########......###############......#########.........############...
...###........###.........###........###........###...###...............
...###........###.........###........###........###...###...............
...###........###.........###........###........###...###...............
...###........###.........###........###........###...###...#########...
...###........###.........###........###........###...###...#########...
...###........###.........###........###........###...###...#########...
...###........###.........###........###........###...###.........###...
